Park Rules and Regulations

L-P MHP, LLC

To promote a healthy and enjoyable living environment and to protect your investment in your home, certain policies and guidelines have been adopted to enhance the desirability of living in this manufactured home community. These guidelines are in place to encourage a friendly, clean and well-maintained community of which all can be proud.

Many of the guidelines established by management are common sense items and deal with courteous behavior to your neighbors. In most cases, they should be second nature and require no extra effort to follow. The objective is to maintain a residential community with pleasant surroundings in which you can live with pride, dignity, safety and comfort.

1. DEFINITIONS

Home Site – refers to the home site and adjacent area that management assigns to the Resident.

All homes to be placed in the community must be approved by Management and in compliance with the Home Entrance Requirements of the community.

Resident must continue to provide Management with the current home mailing address, phone numbers, employment information, email addresses and other resident data as requested from time to time or whenever changed.

Each Resident is required to execute the Lease Agreement and is required to return to Management a signed copy within thirty (30) days following their receipt of the Lease Agreement.

3. APPLICATION

Any misstatement and/or omission in a Resident's application shall be deemed to be a violation of the Park Rules and Regulations. To the extent the misstatement and/or omission from the application is a material misstatement or omission, Management reserves the right to declare any Lease Agreement which it has entered into reliance upon such misstatement or omission null and void.

Management reserves the right to evict any resident who is discovered to have falsified any information in his/her Resident application procedure.

4. SECURITY DEPOSIT

Any new Resident shall pay a security deposit, if required by the Lease in accordance with the Lease. The security deposit shall be in addition to the normal monthly rent. There shall be a late charge of \$10 for Resident owned homes and \$15 for Rental/Rent to own homes for rent which remains unpaid after the tenth (10th) day of the month. If rent still remains unpaid after the 15th of the month, management will post/deliver a past due notice as a reminder that full monthly payment (including rent and other fees) is due or an eviction may proceed.

L-P MHP, LLC does not accept monthly mailed check payments. Please see the sections below for available payment methods.

A. Resident(s) may utilize **Rent Manager's online payment services through the Tenant Portal.** Please see the sheet titled TENANT WEB ACCESS SETUP for more details. Online payments made utilizing a bank account are free for the Resident. This method can be set up as a one-time payment, or a recurring monthly payment can be scheduled (one time setup). Online payments made using credit cards will incur a credit card surcharge fee (typically 2-3%). Online payments made utilizing a bank account are free for the Resident. If you'd like assistance setting up/utilizing the recurring online payment method please contact us, we'd be happy to help.

B. Resident(s) may utilize the **PayLease Cashpay Method of payment.** Attached in your packet is a laminated card with "**Bill Payment**" and an **account ID located at the top left of the card.** This card can be taken to any participating agent, along with your rent amount, and rent is deposited in real time using this **CashPay** method. *Please note there is a \$4.00 service charge for every Cashpay transaction paid to Paylease directly. Please see the instruction sheet titled CashPay/Paylease card instructions.

C. If either of the above methods are not possible, Resident(s) may utilize post-dated checks. Resident(s) choosing this method must write out **twelve post dated checks made payable to L-P MHP, LLC. and date them for each future month. Please ensure checks for the months beginning in May include the additional \$20/month rent increase.** L-P MHP, LLC. will not cash any checks in advance of the written date on the check. **If this is the method that will work best for you, please contact 607-258-8500 and dial the extension regarding rent payment for more information.**

Resident understands that failure to pay rent due in full on time may adversely impact their credit ratings. Resident also acknowledges a collection agency may be utilized to collect any outstanding balances, which may affect the Resident's credit and his/her ability to find accommodations elsewhere.

A resident's payment of rent shall entitle the Resident to occupy the lot space described herein, solely and exclusively, subject to the reasonable Rules and Regulations of the Management as may be promulgated from time to time. Management guarantees the Resident's reasonable access to his/her home site as identified herein, although it does not guarantee any specific access.

6. HOME REQUIREMENTS AND IMPROVEMENTS

A home may be installed in the Community after written approval by Management. A professional certified installer shall install each home in accordance with township and management requirements. All homes shall be equipped with skirting approved by Management and shall be kept clean and free of holes, gaps, openings or dents. All homes must be completely skirted and be equipped with at least one (1) smoke alarm device and one (1) fire extinguisher. A fire escape plan is encouraged for your safety.

The hitch for each home must be concealed or removed.

Resident must obtain approval in advance by Management for the location, size and material for all outside home improvements, i.e. patio porch or roof, storage sheds and screening.

All lawn equipment, toys, tools, concrete blocks, barbecues and other outdoor articles when not in use shall be stored within the home or a storage shed. No items except tires, hitch and non-explosive, non-flammable materials shall be stored under the home. Gas grills may be stored on decks, provided they are covered with black plastic or vinyl material.

No private swimming or wading pools, sandboxes, swing sets or playground equipment are permitted without management approval.

All exterior home and home space improvements including but not limited to, skirting, steps, awnings or enclosures, temporary or permanent additions, alterations, patios, or patio coverings, porches, concrete or masonry work, utility changes, or any change in the exterior color of home or buildings must be submitted to and approved in writing by management prior to any change or installation. Residents are advised that they must obtain all government permits at their expense, conform to the applicable building code, and be approved by any appropriate authority. Any approved addition shall be of a design in harmony with the home, be constructed in a craftsman-like manner and be treated with a solid color stain to blend with the home.

One shed per home site is permitted. Placement of sheds must conform to applicable township ordinances. Residents are fully responsible for obtaining necessary Township permits for construction or placement of sheds. All sheds must be kept painted and well maintained. Management must approve each shed before a Resident seeks a Township permit. Storage shed doors shall be closed when not in use. Residents shall be responsible for any lawn repairs needed resulting from the removal or change of location of said shed.

No new fences may be installed on any home site. Any existing fences already in place shall be considered "Grandfathered."

Additionally, any existing fencing must be properly maintained and safety compliant. Any existing fence repairs must have written approval by Management before the start of repair. If a Grandfathered fence is removed, no new fencing may be installed, or the tenant is subject to eviction for non-compliance.

Furthermore, underground utility lines are often between home sites, and sometimes said underground utility lines need to be repaired or replaced due to leaks/issues. Fencing in the ground makes repairs more difficult to access with machinery. In conclusion, we further exclude new fencing from installed because during the installation of fencing and fence posts, underground utility lines can be damaged.

*If any Grandfathered fence is damaged due to repair/replacement of any utility lines, it is the sole responsibility of the resident to repair that fencing.

For front porch: a minimum of a 4'x 6' pre-approved deck, painted with a solid color stain, with steps and safety rail. For rear steps: pre-approved steps with safety rails, painted with a pre-approved solid color stain.

TV and any other antenna shall not be higher than 12 feet above the roof of the manufactured home. Satellite dishes exceeding 39 inches in diameter are not permitted. Electronic or other devices that interfere with other residents will not be permitted.

Each resident shall repair all fire, wind or other damage to his/her home within sixty (60) days or remove the home from the Community. If the Resident does not repair or remove a damaged home within the sixty (60) day period, Management may repair the home at the Resident's expense.

Broken and/or missing windows and storm doors must be repaired or replaced immediately. Exterior plastic coverings (windows, doors, screens etc.) are prohibited.

Outdoor drying of laundry is permitted but proper lines must be placed at the rear of the lot, not tied to trees or patio awnings. Laundry shall not be left out overnight or on holidays. No Resident shall erect any permanent clothesline; collapsible or removable clotheslines may be used but shall be stored out of sight when not in use. One clothes tree per lot is permitted.

Holiday decorations must be removed from the home and home site within forty-five (45) days of the end of the holiday.

The burning of trash, rubbish, leaves, or other materials is prohibited.

Attended outdoor grills are permitted to be used in the community in accordance with the manufacturer's safety instructions.

Management reserves the right, but does not have the duty, to clean and remove debris from a Resident's home site and assess the fair and reasonable charge to the Resident as additional rent.

Any home installed within the Community shall be either gas or electric heat. Oil tanks are prohibited.

Management reserves the right to take over the care for any home that is neglected without prior notice and bill the resident for the cost of maintenance.

The landscaping must be compatible with the Community subject to Management's approval prior to installation. Lawn care, including weeding at the street line, is the responsibility of the Resident. Lawns must be neatly cut, beds weeded, leaves raked, and bushes trimmed at all times. Grass and weeds must be trimmed to a low and neat level, along the base of the skirting as well as steps and porches. Cutting debris must be removed from the street. Grass shall not exceed four (4") inches in height. Management reserves the right to mow and/or trim any home space that is neglected and charge Resident accordingly.

Resident may plant annual plants at the Resident's discretion. Resident shall not plant hardy plants, shrubs, hedges, trees or similar vegetation without prior approval of management. If planted, such vegetation shall be a permanent addition to the Community and may not be removed without Management's approval.
